5'CGAAGUCGAGGCUUUCAGCAUG3' (SEQ ID NO:20).

SUPPORT FOR THE AMENDMENT:

Claim 1 is amended to specifically refer to certain nucleic acid sequences recited in the original claims as SEQ ID NOS:14-20. Inclusion of these particular references to sequences, i.e., SEQ ID NOS:14-20, is solely for the purpose of clarity and to remedy the earlier omission of these sequences from the sequence listing, an updated version of which is filed herewith.

REMARKS

In response to the Notice to Comply With Requirements for Patent Applications Containing Nucleotide Sequence And/Or Amino Acid Sequence Disclosures, enclosed herewith is a corrected paper copy and a corrected Sequence Listing in computer readable form (CRF) in compliance with 37 C.F.R. §§ 1.821-1.825. Specifically, the Sequence Listing submitted herewith corrects the failure of the earlier Sequence Listing to include sequences recited in claim 1, namely, SEQ ID NOS:14-20.

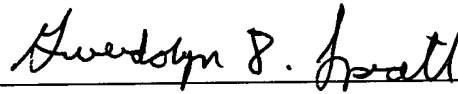

Applicants believe they have corrected the Sequence Listing as indicated in the Notice to Comply. Thus, Applicants believe that the Sequence Listing is in proper condition for consideration.

Applicants hereby certify that the information in both the corrected computer readable form and the corrected paper copy of the Sequence Listing is the same and includes no new matter.
